## CORRECT APPAREL FOR THE HORSE SHOW

*The Horse Show---the event that marks the opening of the social season for the fall and winter, requires all the Full Dress articles---and we call special attention to our extensive array of these accessories.*

### THE NEW FURNISHINGS

We wish to call your special attention to our window display of furnishings for the Horse show and Races and their attendant social functions. We are sure it will please you to see this handsome array of Neckwear, Full Dress Shirts, Negligee and Plaited Shirts, Hosiery, Gloves, Links and Studs.

We are exclusive agents for such celebrated lines of Furnishings as Starr and Cluett Shirts, Reynier and Dents Imported Gloves and the celebrated Keiser Neckwear.

### FULL DRESS AND TUXEDOS

Our evening clothes conform fully to the styles sanctioned by good taste and the well defined rules of fashion. They are models of elegance, superbly tailored, with not a single freak feature to offend by reason of its over-conspicuousness. However there are some noteworthy new features embodied in them. They are lined throughout with the best quality of body silk and are faced to the edges of the lapels with Barethea silk, its richness contrasting strikingly with the dead black of the suiting. The garments of evening clothes will be sold singly if desired.

### THE NEW WAISTCOATS

Notice the handsome display of Fall and Winter Waistcoats shown in our Horse Show windows. They are superb. There is no article of man's attire that will so much improve his appearance as a fancy Vest. Our assortment for this fall is larger and handsomer than ever, all of the season's newest creations in styles and fabrics are here.

For Full Dress wear we are showing the conventional white Mar-sailles---for Tuxedo, we show a range of patterns in various shades of gray---Pearl French Gray and Smoke.
